## Bus Route Change Evokes Protest To School Board

Proposal to change a school bus route evoked protest at Tuesday night's meeting of the Orinda School Board, and the matter is now under consideration until the next meeting.

The planned change, as announced at Tuesday night's meeting at Orinda Grammar School, would remove the bus route from going over La Cresta hill, and would substitute the high school run.

Under the new route, if effected, the run would be down Moraga Highway to El Camino Moraga, then to Don Gabriel and back to the highway by way of Valley View.

Two representatives of the Moraga Del Rey Association were present at the session and protested the change in route, urging the board to reconsider. One of them, President Harold E. Cannon of the association, pointed out that the people living at the top of La Cresta would be inconvenienced by the change.

**TRANSFER TO GLORIETTA**

Announced at the meeting was a decision, contemplated for some time, to take all the school children i nthe Charles Hill area ond all those south of the Crossroads into the Glorietta School.

Up to now, some of the children in the farther area south of the Crossroads have gone to Glorietta, while those living near the Crossroads and those in the Charles Hill area have attended Orinda School.

**ABOUT 50 PUPILS**

About 50 pupils will be affected, cording to Superintendent Joseph Sheaff. He pointed out that the p was taken to relieve class loads at Orinda School, and that it would be easy for the school bus to pick up all the children affected by the change. Each of the pupils affected will be notified, he added.

The board decided to pave some of the playground at Glorietta School. Plans and specifications will be drawn up, and then the board will call for bids.

Board Member Ritchie Smith was appointed as board representative on a policy committee for school transportation, composed of representatives of the Acalanes High School District, the Lafayette School District and the Orinda School District.

## Chamber Sets $15 As Annual Dues; Plans Directory

Board of Directors of Orinda Chamber of Commerce has been occupied in verifying final details for completion of the Orinda business directory and in building up membership in the group.

Dues for Chamber memberships has been decided upon at $15 for one year from June 1, 1950, to June 1, 1951. In addition, each duplicate listing (three lines) on the directory will cost an additional dollar or a maximum of $18.00, according to President Bill Worden.

A number of advantages in Chamber membership have been pointed out by Worden, including directory listing, Blue Cross eligibility, signs "Member Orinda Chamber of Commerce," solicitation protection, coming Christmas display program and community service. This includes a "real live program for concentrated efforts to get things done about parking and traffic."

Businessmen are urged to join and take part in the program. Noon meetings are held the first and third Thursdays of each month at Casa Orinda.

# County Will Resurface Orinda Roads

## Budget Includes Funds for Major Work on Roads

The tentative county budget for 1950-51, adopted Tuesday by the Board of Supervisors, includes an appropriation of $47,000 for widening of Moraga Highway between the Crossroads and Glorietta Boulevard, Supervisor Jack Cummings stated yesterday.

Also in the budget is an allocation for resurfacing of Orinda Highway (San Pablo Creek Road) from the Crossroads to the Village, Cummings said.

Orinda Chamber of Commerce directors, meeting yesterday noon at Casa Orinda, called attention of property owners along the section of Moraga Highway to be widened by the county that this development is now scheduled and asked them to hook up to their sewers before the widening starts.

The suggestion was made by Director Stan Allen. It was pointed out that perhaps not more than 10 per cent of the property owners along the affected strip have sewer connections, and that if this connecting is not done before the highway widening, it will necessitate another tearing up of the street later.

The chamber also heard a progress report on efforts to get all property owners on the east side of Moraga Highway between Black's Market and the postoffice to pay for installation of curbing.

BUDGET FOR ORINDA SCHOOL DISTRICT was adopted Tuesday night. Without benefit of interested spectators (there wern't any), the school board is shown at the budget hearing at Orinda Grammar School. Left to right, those pictured are: Seated—Mrs. Joan Erikson, clerk of the board; William Fleager, president; School Superintendent Joseph L. Sheaff, secretary to the board; standing—Seaver Ballard, Ritchie Smith, Edgar Stewart. —SUN photo by Neal East

## Board Blown Off Flatbed Truck; Man Is Injured

A freak accident along Moraga Highway, in which the board of a flatbed truck was blown off the truck, resulted in injury Monday afternoon to Joseph Spagnuolo, 38, of Oakland.

According to the California Highway Patrol, the truck, driven by Lanton Wolfington, 45, of Oakland, was traveling west on Moraga Highway, about two miles west of St. Mary's Road, shortly before 5 p.m.

Spagnuolo , the report stated, was a passenger in the truck and was apparently sitting on the board, facing the rear, when a strong gust of wind caused the board to slide off.

## Orinda Schools Budget Adopted

Orinda School District's budget of $229,822 for 1950-51 was adopted Tuesday night by the district's Board of Trustees.

During the part of the evening set aside for public hearing on the budget, no spectators were in the room at Orinda Grammar School, according to Superintendent Joseph L. Sheaff. The budget was adopted without any opposition.

Also on Tuesday night, in another phase of the board gathering, ballots in the July 25 Orinda school bond election were officially canvassed. Only change from the unofficial count announced last week was the addition of three absentee ballots, all "yes" votes, bringing the final, official tally on the $400,000 bond issue to:

For, 250; against, 61.

(See separate story on the regular board meeting Tuesday night.)

## Sewer Plans for Sleepy Hollow Arouse Interest

Interest in Contra Costa Sanitary District's plans for installation of sewers in the area is keen among members of the Sleepy Hollow Improvement Association.

Dr. James Seaman, president of the association, has received the following information from District Engineer John Mason:

**SURVEYING**

The District Board of the Sanitary District, at its meeting on July 6, directed the engineer to proceed with surveying and engineering studies toward the establishment of a local improvement district to install sewers in Sleepy Hollow and the area of Haciendas Del Orinda on both sides of Miner Road, draining toward Miner Road.

This work is programmed so that plans should be complete on or about February 1, 1951, with the intention to go ahead with construction during the summer and spring of 1951.

**BIDS IN SPRING, 1951**

As reported in the July 14 issue of the Orinda SUN, the area will be known as Local Improvement District 22, and the Sanitary District expects to be ready to advertise for bids in the early spring of 1951.

Mrs. Joseph B. Downs has been appointed publicity director for the association by Dr. Seaman.

## Freak Accident Strangles Boy, 2

Private funeral services were held Monday at the Guy and Blackwell Mortuary in Walnut Creek for two-year-old Stephen Warren Shaffer, younger son of Mr. and Mrs. William Shaffer of that community, and grandson of Mrs. Muriel Lloyd of Orinda.

The youngster accidentally hanged himself Saturday when his sweater caught on the end of a ladder leaning against play yard equipment he was climbing, pulling tight about his neck as he slipped. His mother had left him only a short time to prepare lunch, and an older brother had gone into the front yard when the tragic accident occurred.

Efforts by a resuscitator crew from Walnut Creek Fire Department and a physician who was summoned were unsuccessful.

Inurnment was at Mt. View Crematory, Oakland.

## Fires—None, and That's Good News

Once again it was a case of "no news is good news" this week for the Orinda Fire Department.

Fire Chief H. E. Wyatt reported that for the seven-day period up to around 2 p.m. yesterday there were no fire calls to the department. Yes, that's right—NO, sometimes spelled 0 or Zero.

## Orinda Assn. Fails to Meet

A scheduled meeting of the Board of Directors of the Orinda Association Monday night at the Orinda Grammar School failed to materialize because of lack of a quorum.

## Grand Jury Sequel: 'Don't Agree' -- Long

No action is being planned by his office to carry out law enforcement recommendations by the recent grand jury, Sheriff James N. Long indicated yesterday.

The sheriff told the SUN: "I don't agree with that part of the grand jury report. . . . Let it go at that."

**'A VERY GOOD REPORT'**

At the beginning of yesterday's telephone conversation, the sheriff was asked:

"Have you read the report yet and will you make a statement about it?"

**"I've read it," Sheriff Long replied, "and I think it's a very good report, but there are some parts I don't agree with."**

The conversation continued as follows:

**QUESTION: "Would you care to comment on the grand jury's charges of widespread gambling in the county and its criticism of you and the district attorney for not stopping this?"**

**ANSWER: "That's the part I don't agree with."**

Q.: "Would you care to elaborate and be more specific on that? Would you like to make a statement to the effect that your office is properly enforcing the law?"

**NO ELABORATION**

A.: "No—better let it go at that—just that I don't agree with parts of the report."

**Q.: "Are you contemplating any action based on the report and its recommendations?"**

**A.: "Let it go at that—that I don't agree with it."**

The grand jury report was filed with Superior Judge Homer W. Patterson June 29. Last week, Sheriff Long told the SUN he had not yet read it and so could not comment. He promised to try to get hold of a copy last weekend, and said he would be glad to talk again on the subject this week.

Yesterday's conversation was the follow-up of those earlier developments.

## 'Hike Caused by Return of Relief Costs to County'

**That 23.4-cent tax rate increase is NOT an increase by the Board of Supervisors, it was emphasized yesterday by Supervisor Jack Cummings.**

**Twenty-three cents of the hike is "necessitated by the fact that costs of relief, old age pensions and charitable operation have been returned to the counties by the state," following last November's passage of Proposition 2 by the voters, Cummings explained.**

**The other four mills is "for the county library system," and could not be changed, the supervisor said.**

**"Actually, we cut off $1,300,000 in the last day of our deliberations, bringing the tax rate down to last year's, except for these two details over which we had no control," Cummings stated.**

**"After all the conferences with department heads, the proposed tax rate stood at 48 cents. We lopped off about 25 cents.**

**"I think the public should be informed of this, and not receive the impression that the supervisors merely went ahead and upped the tax rate 23.4 cents."**

## Public Hearings Set on Record $17 Million Budget

Proposed Contra Costa County budget of $17,311,101 for the 1950-51 fiscal year was adopted Tuesday afternoon by the Board of Supervisors, meeting in Martinez.

This record budget for the county means an increase in the county tax rate (excluding Richmond) of 23.4 cents to $2.482 per $100 assessed valuation.

Because Richmond taxpayers do not contribute to support of the county library, the county tax rate for Richmond, in the tentative budget, is $2.401, a jump of 23 cents.

Next step in final passage of the budget is the series of public hearings on it, first of which is set for 10 a.m. August 18 in the Hall of Records in Martinez. Preliminary budget copies will be available for the public next Tuesday.

(See page 3 for junior college budget story.)

**SEPT. 1 DEADLINE**

Under state law, hearings can be conducted for 10 additional days if there are enough protests. Final adoption of the budget must be accomplished by September 1.

As submitted to the Board of Supervisors by County Auditor-Controller D. M. Teeter, more than 60 per cent of the tentative budget — $10,640,638 — is for the charities and corrections fund. In last year's budget, this fund was allotted $5,138,236.

**HIGHWAYS, BRIDGES**

Next biggest appropriation is for highways and bridges, $2,377,946, as against $2,014,403 last year.

General county government operation in the tentative budget totals $1,543,363. Last year this operation was allotted $1,499,475.

Although the total proposed budget is a record, as is the new tax rate, Teeter declared that the boost of 23.4 cents is definitely not a record. In 1948-49, the jump was 53.9 cents, and in 1947-48 the hike was 41.4 cents.

**OVER 6 MILLION UP**

Total budget last year was $10,135,195. This year's, as now proposed, is $6,376,906 more than that.

The new tax rate, if finally adopted after public hearings, will be levied against a total assessed valuation of $303,056,905. This valuation is an increase of $19,502,205 over last year.

The $10,640,638 for charities and corrections goes for operation of social service, county hospital, probation department, juvenile hall, Richmond health center, juvenile court wards, wards of the county in state institutions, those in hospitals for the mentally ill, school for the deaf and blind and mentally ill, burial of veterans and indigents and maintaining the county veterans' service officer.

## Milkman Suicide On Orinda Street

Suicide due to carbon monoxide poisoning was the verdict of a coroner's jury Tuesday at the inquest into the death of Charles Dale Bramel, 50, of Berkeley, who was found dead in his car in Orinda last week.

The body of Bramel, a Berkeley milk wagon driver, was discovered July 27 in his family car on Tarry Lane, by a deputy sheriff. According to the sheriff's office, he is believed to have been despondent over personal troubles.

Bramel is survived by his widow, Marguerite; his children, Judy, Howard Lee and Charles Dale, Jr.; his parents, Mr. and Mrs. C. E. Woodruff of Bridgeton, N. J.; two brothers and four grandchildren. He was a member of Jacob Astor Post 999, V.F.W.

Services were held Monday at the Grant D. Miller Mortuary in Oakland. Interment was at Golden Gate National Cemetery.

## Draft Quotas Up—Board 30 Calls for 97 Men for Physical Exams This Month

As a result of the Army's request for more men, in connection with the Korean fighting, draft quotas throughout the nation have been revised upward. Contra Costa County's three draft boards' quotas of men to come up for pre-induction physical exams this month now total 265, instead of 177 as of last week.

Local Board 30 at 629 Macdonald Avenue, Richmond, which serves Lafayette, Orinda, St. Mary's College and the southern part of Richmond and El Cerrito, is sending out notices to 97 men, to report for physical examination August 22. This board's quota for the month has been upped from 65.

Local Board 29, at the same headquarters, is calling for 78 men (upped from 52), for physical exams August 23. Board 29 covers the northern part of Richmond, San Pablo, Rodeo and Crockett..

Local Board 31, at 720 Alhambra Avenue, Martinez, now is calling for 90 men to report for physical exams on August 21. This board's quota has been increased from 60. Area served by Board 31 is from Port Costa to the San Joaquin County line, including Pittsburg, Antioch, Brentwood, Oakley, Byron, Concord, Walnut Creek, Saranap, Danville, San Ramon and Diablo.

**SOMEWHERE in this pile of California newspapers surrounding Joan Hollowell is the SUN, which, with many other papers, is on display in the Centennial Exposition of California Journalism at Balboa Park, San Diego. Joan Hollowell is librarian of the journalistic exhibit, which is part of the six-week celebration winding up the state's three years of statewide Centennial Celebrations.**

# San Diego Show Winds Up State's Big Centennials Program; SUN on Display

California's three years of statewide Centennials Celebrations come to an impressive end in San Diego.

"Grand finale" of the celebrations, in Balboa Park and Presidio Park, opened last Saturday and will continue through September 9. It is presented by the California Centennials Commission in association with the San Diego City and County Centennial Commission.

A highlight of the showing is the Centennial Exposition of California Journalism in the Electric Building in Balboa Park, in which the SUN is on display. Co-sponsored by the California Newspaper Publishers Association, this display graphically portrays the development of the newspapers of this state and their role in making California great. From the printing of California's first newspaper, The Californian, published in Monterey in 1846, through today's many weekly and daily papers, this phase of the show tells the story of journalism in the state.

Other phases of the six-week celebration are the Library of Congress California Exhibit, the Exhibit of Historical Art, the eight-day Pageant of the Golden Pueblo (September 2 through 9) and the Centennial Parade the night of September 2.

## Stuart Hudson In Paris for Painting Study

Stuart Hudson arrived in Paris last week, his mother, Mrs. Dennis Hood of Pleasant Acres reports.

Stuart is planning to study painting and languages at the Sorbonne and the Academie Julianne.

In a letter to his mother he told of the low cost of living in France. A hotel room, he wrote, is 50 cents a night, and a good steak dinner costs only 35 cents.

Prior to leaving for Paris Stuart attended Yale University.

## Plans Made for Buchanan Fete

Last week the committee for the Fourth Anniversary of Buchanan Field, to be held all day Sunday, August 13, met in the Airport office to discuss final plans for Contra Costa County's major aviation event of the year.

The committee selected trophies that are to be awarded to the first and second place winners in paper cutting, bomb dropping and balloon bursting contests. These events will commence at 10 a.m. immediately following the free breakfast for all visiting pilots and their passengers. Over 200 visiting planes are expected for the day and it is anticipated that 7000 spectators will view the day's events from the ground.

Word has been received from the Marine Corps, Navy, Coast Guard, and National Guard that they will participate with both flying and static displays.

Warren Boggess, chairman of the Buchanan Field Operators' Air Show, reported that the show was coming along in great shape and promised to be both educational and thrilling. Both crop-dusters and helicopters will take part in the show that is scheduled for 2 p.m. Ken Fuhrman of Berkeley, who won last year's race between his Hot Rod and an Aeronca, says he has even a faster Hot Rod this year and has issued a challenge to the fastest of the Operators' aircraft.

As usual, there will be no admission charge to the all day program and the public is cordially invited to spend the day on Contra Costa County's 537-acre airport.

## Fewer Vets Seek Civil Service

Fewer veterans are applying for state civil service jobs, undoubtedly because more of them are being placed in private employment in California, it is reported by State Director of Veterans Affairs D. J. Callaghan, Jr.

He discloses that during June only 555 veterans applied for the civil service preference to which state law entitles them, as compared with 1,224 for the same month a year ago.

# Meet These 4 Additions to the Staff– They Help Get Out Your Paper, The SUN

Pointing to them as examples of further improvement of the paper and of the paper's relation to and reflection of the community, Editor and Publisher Herman Silverman this week announced four additions to the staff of the SUN.

The additions, in the editorial, mechanical and advertising departments and in the business office, are as follows:

Julius Rosenthal, news editor; T. W. Marston, composing room foreman; Henry C. (Hank) Krivetsky, advertising assistant; Miss Billie Jean Pollard, bookkeeper.

**SKETCHES OF THEM**

Here are brief sketches of the four:

**Julius Rosenthal,** news editor, has been on the SUN staff since June 19. He came to the paper with a background of over a decade of newspaper and press association editorial experience, spread over more years than he cares to remember. "I've tried other types of work, but somehow I always returned to newspaper work," he says. "Maybe I'm crazy, but I like it."

Immediately prior to his joining the SUN staff, Rosenthal was editor for over a year of the San Lorenzo Valley Sun, published in Santa Cruz, and, before that, news editor of the Santa Cruz Press for five months. Both papers were weeklies and were published by the same firm. Prior to his Santa Cruz experience, his journalistic stints included staff work on the Miami, Fla., Tribune, wire-editing and rewrite for the Chicago Bureau of Universal Service, being a staff member of the Chicago Times and the Chicago Journal, working in the reference departments ("morgues") of the Hearst papers in Chicago and New York and doing reporting for the old New York Graphic and the New York City News Association.

**HOUSING PROBLEM**

Born in Chicago, Rosenthal is married and has a five-year-old daughter, Nidra. His main problem these days, next to his trying to handle the umpty-ump details that pour onto his desk and over his phone, is seeking suitable housing for his family. (Got any bright ideas?) He is a graduate of Crane Junior College, Chicago. His wife, Marguerite, is a student of art. Before he could be silenced, Rosenthal expressed the hope that some day he'd still write that Great American Novel or Poem or Play.

**T. W. Marston,** composing room foreman, has been in the newspaper business since he was 15; between his graduation from the University of Iowa and the time of his marriage, he worked on papers in 47 states. Before coming to the SUN June 22, he was mechanical superintendent at the San Leandro News-Observer for a couple of years. He became foreman of the SUN shop July 1.

Marston was part-owner of the Madera Tribune until he entered the Army in 1942. He served 33 months in the Air Corps, as an engineer, instructor and mechanic, and came out as a master sergeant. He then became a partner in the Keyes and Marston aircraft business at Centerville airport, which manufactured about 25 planes.

The new foreman is married and has two sons, Theodore, Jr., 9, and Norman, 6. The list of papers on which he has worked—on some as an editorial man and on others in the "back shop"—reads like a quick tour of the U.S.A., and includes Des Moines Register and Tribune, Spokane Review, Billings Gazette, Denver Post, Salt Lake Tribune, Dallas News, New Orleans Times-Picayune, Shreveport Journal, Earlham, Ia., Echo, New York Daily News and Chicago Tribune. And, just for good measure, he published the weekly Maquoketa, Ia., Enterprise back around 1923-24.

Born and reared in Earlham, Ia., Marston attended Earlham Academy. It was while there that he got a job at the Earlham Echo, cleaning out the place evenings and Saturdays and working full-time in the summer. He paid his way through the University of Iowa by working on the university newspaper, and when he took post-graduate courses at the University of Michigan he worked on the university paper there. On the Chicago Tribune, he was a police reporter.

**Hank Krivetsky,** advertising assistant working under Advertising Manager Adam J. Kalb, is a shrinking violet when it comes to telling about himself. But the following has been gleaned: He was born in 1925 in Detroit, served in the Field Artillery during World War II, received his A.B. degree at Carleton College, Northfield, Minn., did graduate work in economics at the University of California, and performed advertising and editorial work on the Northfield, Minn., News, a weekly paper.

**FORMER WAC**

**Miss Billie Jean Pollard,** bookkeeper, has had 10 years' experience in bookkeeping, including being bookkeeper for Radio Station KEEC in Pittsburg. She lives in Danville, where she moved in 1947 after her discharge from the Women's Army Corps. She served three years in the W.A.C., from 1944 to 1947, and was stationed at the Redistribution Center at Miami Beach, Fla. She was born in Los Angeles.

# Not Whodunnits, But Science Fiction

masters of the fantastic: H. G. Wells, who inspired Orson Wells' famous "Men from Mars" broadcast; Jack London, Jules Verne, Edward Bellamy.

A supplementary list giving factual science fiction background contains Barnett's "The Universe and Dr. Einstein," Bailey's "Pilgrims Through Time and Space: Trends and Patterns in Scientific and Utopian Fiction," Ley's "Conquest of Space," Velikovsky's "Worlds in Collision."

Several children's books are also included, among them Gail's "By Rocket to the Moon," Heinlein's "Red Planet," and Janvier's "Aztec Treasure House."

Is science fiction replacing the mystery story as popular "escape" reading of the 1950's?

Judging by recent demand in branches of Contra Costa County Library, science fiction fans are steadily growing in number. To acquaint readers with some of the library's resources in this field, a list of books has been prepared at county library headquarters in the Hall of Records, Martinez.

Nearly 100 novels and stories are listed, including such recent favorites as Ehrlich's "The Big Eye," Farley's "Omnibus of Time," Newman's "The Flying Saucer" and Greenberg's "Men Against the Stars," as well as books by older

# Trustees Adopt J.C. Budget of Near 1½ Million

Budget of $1,466,627 for the Contra Costa County Junior College District for the 1950-51 fiscal year was adopted Monday night in Martinez by the college board of trustees.

Calling for the maximum tax rate of 35 cents allowed by the State Education Code, the budget now goes to County Superintendent of Schools B. O. Wilson for final approval and for filing of copies with the County Board of Supervisors and the county auditor.

**7.4 CENTS JUMP**

The 35-cent maximum tax rate is a jump of 7.4 cents from last year. The total budget is $53,000 above the tentative budget of June, and includes $35,000 of federal payments in lieu of taxes.

Some 20 persons attended the public hearing in the Hall of Records which preceded the trustees' adoption of the budget.

**QUESTIONS ASKED**

Questions were asked by a few. Vincent E. Guidice of Danville asked why such a budget is needed, when last year the cost to the county for tuition of all students from the county who went to outside junior colleges came to only $140,000.

Cyril Cairns of Martinez asked why $8,650 was budgeted for telephone expense, pointing out that the combined phone expense of a number of county agencies was less than that amount.

Claude Smith of Walnut Creek asked the cost of sending a student to an outside school, and wanted to know what would happen to the junior college if the nation became involved in total war.

**McCUNN ANSWERS**

Superintendent Drummond McCunn answered them. Less than 30 per cent of the graduates from the county's nine high schools went on to institutions of higher learning, he said, and he predicted that "at least 75 per cent" of high school graduates would avail themselves of junior college facilities.

Regarding phone expenses, the superintendent explained that, since the college had operated for less than a year, there was no pattern for setting up this phase of the budget; if the amount were not needed it would not be spent, he said.

In reply to Smith, McCunn said cost of sending a student to an outside school varied from $325 to $850, and that a plan has been prepared for converting the college to war footing if necessary.

During discussion of the point raised by Guidice, Board Member George Gordon said it is the county's duty to give all youth the opportunity for an education, and that many parents are not able to send their children away to school.

# 2 Million for County Bridges, Roads Last Year

Contra Costa County budgeted $2,014,403 for roads and bridges for 1949-50, California Taxpayers' association reported today.

Of the total expenditures budgeted, $466,923 was for construction of primary roads and bridges and $749,167 was for construction of secondary roads and bridges. In addition, $601,215 was budgeted for maintenance of roads and bridges and $29,870 was set up for administration and engineering. Funds for acquisition, etc., were also included in the total budget.

The county's share of "highway user" taxes for 1949-50 amounted to $782,100, and cash balances and other revenues financed the remainder of the budget.

These figures do not include the amounts spent by cities for streets nor do they include the amounts spent by the state on state highways.

Throughout California, the counties budgeted $83,424,560 for county road and bridge work during 1949-50, the association found.

# Sermon Topic– Joy of Communion

On Holy Thursday evening, the night that Jesus was betrayed, He instituted the Supper that since that time has been celebrated by the Christian Church under the various names of the Lord's Supper, Holy Communion, the Sacrament of the Altar, or the Eucharist.

On Sunday morning the Lord's Supper will be celebrated at Our Savior's Lutheran Church in Lafayette. At this service, which will begin at 10:45 a.m., Pastor Luther Berven will preach on the sermon topic, "The Joy of Communion."

Sunday School and adult Bible class meet at the usual time, 9:30 a.m.

# Harvest Pears at Orchard Nursery

Currently, Orchard Nursery is involved in the pear business, along with its usual horticultural pursuits. Hired pickers are busy harvesting the crop from the trees surrounding the nursery, preparatory to delivery to the purchasing cannery.

The nurserymen reported that between 25 and 30 tons of fruit will be yielded by the orchard this year.

# Local Men Usher At Nuptial Rites

Robin McKeown of Lafayette and Jay Snider of Orinda were ushers at the July 22 wedding of Anne Eleanor Basham of Walnut Creek and Clarence Stewart Reed, son of Capt. and Mrs. Clarence Reed of Mobile, Alabama.

Robert Basham of Walnut Creek was best man for the groom at the ceremony, which was solemnized at St. Mark's Episcopal Church in Berkeley.

The newlyweds will live in Oakland following their wedding trip to Crater Lake.

**YOU'RE INVITED to the special birthday party on California's Admission Day, September 9, at the State Fair in Sacramento. This shindig celebrating the state's 100th birthday will be quite an affair, as shown by this replica of the 500-pound cake to be served to fairgoers and by pretty Billie Walsh, who is hovering over the replica. The party will be at the Open Air Theatre, 2:30 p.m. September 9.**

# Mussers Join in Dude Ranch Trip

Twenty-four people from Contra Costa County, including Mr. and Mrs. E. O. Musser of Canyon, attended last Sunday's Dude Ranch Breakfast at the Old Hearst Ranch, near Pleasanton. Bill Baldwin and Ruby Hunter publicized the Buchanan Field Fourth Anniversary Air Show, to be held all day Sunday, August 13, on their Dude Ranch Breakfast radio show.

Airport Manager Noble "Buck" Newsom also took part on the radio show by telling of the plans and attractions for the all-day anniversary. This is the second time the Air Show group has made the trip, as usual by automobile—no landing strip is available at the ranch.

Drive very carefully — the life you save may be your own.

# Queen Candidate Added to Cast Of 'Meet People'

Janice Comstock, Walnut Festival Queen candidate sponsored by the Walnut Creek Lions Club, has recently been added to the cast of "Meet Your People," the musical revue in preparation for presentation August 24, 25 and 26 at Acalanes High School Auditorium for the benefit of the Mt. Diablo Child Therapy Center.

Miss Comstock is a student at College of the Pacific at Stockton, where she is majoring in voice in preparation for a career as a music teacher.

Another valuable addition to the show is Ted Lassagne of Lafayette, an excellent pianist, who will play most of the music for the production. Ted has studied piano for more than 10 years and is at present organist for the Walnut Creek Methodist Church.

Other recent additions to the cast include: Morna Phillips, Barbara Race, Frances Tazar, Margaret Jones, Frances Groves, Louise Welty, Madge Scott, Sybil Zeller, Franz Muller, Mary Ellen Muller, Elizabeth Shepherd and Sadie Schroeder.

"Meet Your People" is being directed by Henry K. Dunn, who has a long background in the theatre and motion pictures, and has been producing revues for women's clubs throughout California.

# Women's Garden Club Sees Film

Planters Dock was the setting for the luncheon meeting of Diablo Women's Garden Club on Wednesday. Mrs. Stanley Bush, president, conducted the session.

Feature of the luncheon affair was a talk and motion pictures of his recent European garden tour presented by the well-known horticulturist, Norvill Gillespie.

# Heidi to Stage Fashion Show in Nuptials-Theme

"Treasure Trends" is the name chosen by Mrs. J. Wiley House for the fashion show which is to be the main event of Heidi's fall luncheon. The luncheon will be held on September 20 at Diablo Country Club.

Mrs. House explains that the name refers to the lovely colors and elegant fabrics of the dresses to be shown and the fact that they are wearable and feminine enough to be treasured for years.

**WEDDING THEME**

Theme of the show is woven around an autumn wedding. The first act shows the party given by the bride's mother announcing the engagement. The second shows the shower given by the bride's best friend, who is to be maid of honor. The third shows the spinster's dinner given by the bride, when she shows her friends her trousseau and her going-away outfit. The final act is on the wedding day. Models will portray members of the bride's and groom's families, their friends and guests, thus offering outfits to interest women of all ages and their daughters.

Mrs. Carolyn Guy will be commentator for the show. Dresses and accessories will be furnished by the Sather Gate Apparel Shop in Berkeley. Suitable furs for many of the outfits will be furnished by George Benioff of Oakland. Dub Johnson and Kathryn Baly, duopianists for the Straw Hatters will supply the musical background.

**CHAIRMEN**

Mrs. Gilbert Myers is general chairman for the party.

Her chairmen include Mesdames Neill Cornwall, Stanley Dietrick, J. Wiley House, George Jensen, John Klass, Theodore Lassagne, Allen Latham, Bertrand Leonard, Donald McFarland, Henry Peshon, Alfred Phelps, R. W. Roberts, Howard Sanders and John Sparrowe.

# Register Early For JC!—How To Plan Course

The following questions and answers are the third in a series designed to supply information to the youth and adults of Contra Costa County about their new junior college district.

Q—What is the deadline for registration for the fall semester? A—There is no specific deadline. However, because of the limited facilities at the two campuses, students are advised to get their applications in as early as possible.

**PLANNING PROGRAM**

Q—How can a student get help in planning a college program? A—By contacting a counselor at either the West Campus, 1305 Central Drive, Richmond, or the East Campus, 1301 Alhambra Avenue, Martinez.

Q—Does the junior college district serve all of the cities in Contra Costa County? A—Yes. All nine high school districts in the county are served by the two campuses of the district.

**STUDENT ACTIVITIES**

Q—Will there be a student activities program at each of the campuses this year? A—Yes. Both the East and the West Campus will have their own student government, club activities, and a full intramural sports program.

Q—Do the junior colleges belong to a junior college conference? A—Yes. Both campuses belong to the Northern California Junior College Association. The West Campus is a member of the "Big Six" division of the Association, and the East Campus belongs to the "Coast Conference."

# 1,266 Already Enrolled for JC

J. Graham Sullivan, director of curriculum for the Contra Costa Junior College District, announced that 1053 students have already made application for admission to the West Campus, and that 213 have signed up for the East Campus.

"These early enrollment figures indicate that both the East and the West Campus will be filled when classes start in September," said Sullivan. "Students planning to attend the junior college this year who have not made application for admission should do so immediately."

Sullivan stated that the West Campus in Richmond will be able to enroll 1500 students and the East Campus in Martinez, 500.

# Neuman Family Back Home After 2-Week Vacation

The Neumans—Charlie, Virginia, Joanne, Dick and Jimmy—returned from a two weeks' vacation much to their liking on Friday of last week.

The first week was spent at Brown's Nu-Life at Nice, Lake County, where, together with the Sherman Coakley and Adolph Bleiler families, both former residents of Lafayette, they swam, fished (Dicky caught one) and spent their evenings playing all sorts of games as well as folk dancing.

After a week of Nu-Life, the family drove up the Redwood Highway to Stephen's Grove where they spent a week in more rustic settings, swimming in the Eel River and participating in the evening campfire festivities.

# Why 2 Campuses for Junior College?

By ELTON BROMBACHER
President, the Board of Trustees
Contra Costa Junior College District

In recent months there has been much discussion as to why the Board of Trustees of the Contra Costa Junior College District has gone on record as being in favor of having two junior colleges in Contra Costa County.

It is evident that many people do not realize that this is a "county-wide" junior college district, rather than a "city" institution. The district serves all of the county, not just a single municipality.

**WOULD MEAN TRAVEL**

To establish one junior college to serve all of Contra Costa County would mean that most students would have to travel great distances to reach the campus. Undoubtedly, many students could find educational opportunities closer to home outside of the county.

This would place a double burden on the taxpayer, namely, the financial support of our own district, as well as the payment for education to other junior colleges.

**9 H.S. DISTRICTS**

Because our district serves nine high school districts, rather than one, as most junior college districts do, it is imperative that we have two campuses.

In this way it will be possible to provide educational opportunities on the post-high school level for all youth and adults in the county.

# J. C. Personnel Tests Aug. 7th

Personnel tests required of all students planning to enter the Contra Costa Junior College will be given Monday, August 7, at 9 a.m. in the library of Alhambra Union High School, Martinez, according to Leland Medsker, director of the East Campus.

**ARM SIGNALS**

Always make clear arm signals when turning or stopping, advises the National Automobile Club.

# This Story Is Intended to Cool You Off

The cause of those severe winter cold spells, that occasionally grip large sections of the globe simultaneously, may have been found by Dr. William W. Kellogg, geophysicist on the Los Angeles campus of the University of California.

From evidence he has gathered in research for the U. S. Weather Bureau, it appears that they are caused by conditions existing in the upper stratosphere.

**CONTINUOUS FLOW**

This is what may happen:

Air masses are constantly circling around the earth in the upper stratosphere. There appears to be a continuous flow of air from the summer hemisphere to the winter hemisphere in the region between 20 and 50 miles high. This causes a piling up of the air over the polar regions in winter and a consequent sinking and outflow in the lower atmosphere.

**OZONE**

One of the bits of evidence for this sinking is the observation that ozone is occasionally forced downward to the ground in polar regions in winter. Ozone normally exists at altitudes of 10 to 20 miles.

The outflow of air at low levels from the winter pole may be more rapid when the flow in the upper atmosphere speeds up. Such an increased flow would cause the cold air masses near the ground to move equatorward, thus bringing about severe cold spells in the middle latitudes.

Just what causes the air masses in the upper stratosphere to speed up occasionally is not known. It may be related to some polar phenomenon, Dr. Kellogg says.

# Announce Exams for 5 County Jobs

Competitive examinations for five positions in the county service were announced today by the Contra Costa Civil Service Commission, according to F. E. Emery, director of personnel.

**AIRPORT OPERATIONS ASSISTANT**, a position paying $284-$341 per month, requires a twelfth grade education and a commercial pilot's license. Applications must be filed by August 11. County residence is not required.

Applicants for **ASSISTANT SUPERINTENDENT**, Juvenile Hall, must have graduated from college and had a year of graduate study in social work and one year of experience in juvenile hall work. Additional experience in juvenile hall work can be substituted for education on a year for year basis. Last day for filing applications for this $297-$357 position is August 18. County residence is not required.

**SERVICE SUPERVISOR**, Juvenile Hall, requires a twelfth grade education and three years of experience, one of which must have been in a supervisory capacity, in storekeeping, housekeeping, or institutional management. Last day for filing applications is August 18 and the position pays $284-$341 per month. County residence is not required.

Minimum qualifications for **STEAMFITTER** are completion of an apprenticeship and six years experience as a journeyman steamfitter. Applicants must have been residents of the county for the past year. Last day to file applications for the $341—$374 position is August 11, 1950.

An eighth grade education and one year of experience as a janitor or window cleaner is required for **WINDOW WASHER**, which pays a monthly salary of $225-$271. Applicants must have been county residents for the past year. Last day to file applications is August 11, 1950.

Applications and additional information may be obtained from the Commission office, Room 229, Hall of Records, Box 710, Martinez.

**TYPIST CLERK**

Contra Costa County Civil Service Commission announces that it needs applicants for intermediate typist clerk positions who are willing to work swing and graveyard shift assignments. Vacant positions are located in Martinez and pay monthly salaries of $236, with a $10 monthly premium added for night work. High school graduates with clerical experience and typing ability may apply. Applications and further information may be obtained from the Civil Service Office, Room 229, Hall of Records, Martinez.

# Are Dog Shows Mysterious to You? Well, Here's How Champs Are Chosen

By LYN McKEE

**DOG SHOWS**, dog shows, everywhere you go! Richmond, Vallejo, Berkeley, San Mateo! Judging from questions which have been posed recently, it is evident that dog show procedure is complicated enough to make even the most ardent dog-lover, be he an inexperienced spectator, decide to let the mystery of it remain deep and dark.

Naturally, it is more fun to know what's going on. Nothing short of a meaty 15-page explanation would be complete, but we will try to clear up a few points in a few paragraphs.

Dog show procedure is centered on an up-the-ladder basis. Let's follow the climb of an imaginary English Setter dog, named Vic.

**FIRST STEP.** There are five classes for each breed of dog. Each of these classes is divided into a group for male dogs and a group for bitches. As a rule, each dog is entered in just one of these classes — Puppy, Novice, American Bred, Limit or Open — although he may be eligible for several. We'll say that Vic wins first in the Open Class for English Setter Dogs.

**SECOND STEP.** The five first prize winners of the dog classes compete. Vic wins and becomes Winners Dog. Next, the dog who placed second to Vic in the Open Class moves up to compete with the four remaining winners for the title of Reserve Winners Dog. The same plan is followed to pick Winners Bitch and Reserve Winners Bitch.

**THIRD STEP.** Winners Dog, Vic, competes with Winners Bitch, and is chosen as Best of Winners.

**FOURTH STEP.** Vic is then judged against other English Setter dogs who have already made their championships, making them eligible to come right in at the fourth step at this show. This is called the Specials Class. Vic wins and becomes Best of Breed. Best of Opposite Sex is chosen next. Since Best of Breed was awarded to Vic, a male dog, the competition in this case would be among the bitches who vied for Best of Breed.

**FIFTH STEP.** This is competition for Best of Group. The 113 recognized breeds are divided into 6 groups: Sporting, Hounds, Working Dogs, Terriers. Toys and Non-Sporting Dogs. English Setters belong to the Sporting Group, so Vic competes with the top winners of the other Sporting breeds, such as Spaniels and Retrievers.

**SIXTH STEP.** This is the top — the star Polaris, a trip to Paris. Vic is victorious. He competes with the other 5 Best of Group winners, and is named Best in Show.

**PRACTICAL TROPHIES**

In most cases, trophies or cash awards are given along with ribbons at dog shows. I'm a firm rooter for practical, as well as attractive, trophies. The usual useless cup becomes like so much hardware eventually, to someone who shows a number of dogs. Why not give engraved table cigarette lighters, cocktail trays, bookends or vegetable dishes?

Juanita Waite, who has a trophy-lined living room, brought home a set of copper mugs and matching pitcher from a recent show, and is pleased as punch about her novel trophy. Incidentally, her Springer Spaniel, Tahquitz Solita, won first in American Bred, Winners Bitch and Best of Opposite Sex at the Vallejo Show.

**JUDGE AT SAN MATEO**

Frank Bilger, owner of the Reglib Kenenls in Lafayette, was one of the judges at the San Mateo Show on July 30.

**OBEDIENCE CLASSES**

Joan Tyler, attractive daughter of the Robert Tylers of Martinez, is the instructress for the current session of obedience classes which are sponsored by the Mt. Diablo Dog Training Club. The Tylers raise Shelties, and Joan has had much experience in showing dogs at Obedience Trials.

**STORKLINE.** .Anne .Clark .of Walnut Creek reports that her fine collie, Melody, is now the proud mother of a new litter of pups. One of the puppies will make its home with Ruth Barcelon at Lafayette Meadows.

**WANT THIS PET?**

Know of anyone who would like to own a pure-bred male cocker spaniel? This dog is nearly 3 years old, very well mannered, and would make a fine pet. The owner is now boarding him at a Lafayette kennel, and will give him to anyone who will take good care of him. Call Jean Bigham at the Lafayette Pet Shop.

## McMillins Visit Connolly Ranch

# Warm–But Fall Not Too Far Off

Lafayette heads the list again for high temperatures during the past week, July 26 to August 1, inclusive. Sunday was the hottest day during the period in both Lafayette and Orinda, with 100 degrees registered by Lafayette's weather bureau and 93 degrees the top in her sister city.

Coolest period recorded in Orinda was 48 degrees on July 25, with a low of 52 degrees listed for Lafayette on July 28.

Cooler winds morning and evening are leading to the impression that autumn is not too far off. Hasn't given us nearly enough time to do any consistent complaining about the "terribly hot" weather. Do you suppose writing to our legislators would do any good?

# Gallagher Band To Perform at Coronation Ball

Henry Gallagher and his popular dance orchestra have been engaged for the Walnut Festival Queen Coronation Ball September 23 in the Walnut Creek city park, C. Terence Ring, Festival entertainment chairman, announced today.

The outdoor ball traditionally is the occasion for the crowning of the Queen of the Walnut Festival, climaxing a three months popularity contest among five of Walnut Creek's loveliest young ladies.

For many years a Contra Costa County favorite, Gallagher's orchestra is playing a repeat performance at the Walnut Festival, and is well known as the Diablo Country Club orchestra for the past two winter seasons.

Now playing its annual summer engagement at the Larkspur Rose Bowl in Marin County, the orchestra will bring to the Walnut Festival such vocal entertainers as Bob Youles and Don Griffin and the type of music which has made the band one of Northern California's most popular musical organizations.

Do you realize how much it costs when you go through the Tunnel to shop?

# Challenge Met– W.C. Beauties to Ride in Martinez

Five Walnut Creek beauties, candidates for queen of the Walnut Festival, will ride in the Martinez Fiesta parade Sunday as a public challenge to the right of Martinez to confer on its queen the title of "Miss Contra Costa."

Jack Ready, Walnut Festival queen contest chairman, announced he had accepted the invitation of William Zufall, general chairman of the Fiesta, to bring the Walnut Creek girls to the parade.

Ready and Zufall have engaged in a word feud via the press and radio since Walnut Festival officials a fortnight ago questioned the right of the Martinez queen to the county beauty title.

"We don't deny that Martinez has pretty girls," Ready declared in his latest statement. "However, we think our Walnut Creek girls can top any competition in the county including Martinez, and that even Martinez residents will agree when they see our five queen candidates Sunday."

Entered in the Walnut Creek queen contest are Betty Stratton, "Miss Bachelors' Choice"; Joan Green, sponsored by the 20-30 Club; Nancie Johnson, entered by folk dance groups; Judy Lee, "Miss Kiwanis", and Janice Comstock, "Miss Lions."

# Red Cross Plans A New Building

Diablo Chapter of the Red Cross is now in a position to construct a building of its own, according to Chairman Ed Larmer.

Estimating cost of a new building at $20,000, Larmer, speaking before the Walnut Creek Chamber of Commerce recently, said:

"We have money in the bank, and can borrow $6,000 from the national organization."

The chapter is now negotiating for a new site in Walnut Creek city park, he said, adding that the presented rented quarters at 1607 Locust Street are inadequate.

If you love children — yours and your neighbors, slow down when you drive home today.

# Nearly 100 at Men Gardeners' Annual Outing

Nearly 100 members and guests of Mt. Diablo Men's Garden Club met at Marsh Creek Springs Park Monday evening for the organization's annual outdoor meeting and barbecue. Food preparation was under the direction of Gerould Gill, owner of the popular resort.

Highlight of the entertainment program was an interesting talk by Norvill Gillespie, noted author and radio commentator on horticulture, who told of his recent trip to garden spots in England and the European continent. In speaking of the noted bulb nurseries in Holland, he described the desperate efofrts of the people to keep the tulp bulbs, which form their largest export in peacetime, alive during World War II in readiness for the postwar markets.

Joe Linsler also regaled the group with gardening stories as a feature of the program. One unscheduled feature during Gillespies' talk, the leisurely jaunt of a wandering skunk across the platform where he was standing, threatened a dramatic climax to his gardening account, but there were no unwelcome results.

Several new members were welcomed to the club during the business session, including Robert ePddicord of Lafayette, according to Stewart Wade, president.

Plans are in readiness for the next meeting of the garden club ,to be held in Walnut Creek the end of August, Wade announced.

## Echo Lake Trip By Hudds Covers Much Wider Area

Mr. and Mrs. Stanley Hudd, Joyce and Tania left Orinda July 8 for Berkeley Recreation Camp at Echo Lake, where they enjoyed swimming, hiking and boat rides and the evening programs, and the square and ballroom dancing.

While there they visited Mrs. Hudd's brother at Emerald Bay, Howard Mitchell, who is coach and dean of men at Principia College, Ill.

They visited friends in Reno and drove to Lassen Park. On their return they stopped for two days on the coast with friends at Willits, and arrived home on the 22nd.

Joyce will leave soon for the new Girl Scout Camp at Packer Creek near Sierra City, where she will be one of 90 others enjoying this camp.

**CHRISTIAN SCIENCE CHURCH**

"The fruit of the Spirit is love, joy, peace, longsuffering, gentleness, goodness, faith, meekness, temperance: against such there is no law" (Galatians 5:22, 23). These verses will comprise the Golden Text for the Christian Science Lesson-Sermon on the subject "Spirit" to be head Sunday, August 6.

The sermon will include citations from the Bible and from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, from which the following have been chosen.

Acts: "Then Philip went down to the city of Samaria, and preached Christ unto them. And the people with one accord gave heed unto those things which Philip spake, hearing and seeing the miracles which he did. For unclean spirits, crying with loud voice, came out of many that were possessed with them: and many taken with palsies, and that were lame, were healed. And there was great joy in that city" (8:5—8).

Science and Health: "The calm, strong currents of true spirituality, the manifestations of which are health, purity, and self-immolation, must deepen human experience, until the beliefs of material existence are seen to be a bald imposition and sin, disease, and death give everlasting place to the scientific demonstration of divine Spirit and to God's spiritual, perfect man" (p. 93).

## Walnut Cr. Night At Oaks-Seattle Game August 11th

At least 600 fans from Walnut Creek are expected to be rootin' and roarin' Friday night, August 11, when the Oaks play Seattle Latest advance reports are that Walnut Creek Night looks like a sellout of box seats, two more sections having been made available this week.

Scheduled to taks bows during the pre-game festivities are the Walnut Festival queen candidates and (if they can bow) three prize automobiles to be awarded at the Festival.

Tickets for the August 11 Walnut Creek Night at the Oaks-Seattle game are being handled by Leo Rahill and are on sale at Simpson's, Smoke Shop, the Pen Shop, Family Liquor Store, Las Palmas lounge and Stan's Brick House.

Patronize Hometown Merchants.

## Freckles Killed When Hit by Car

St. Mary's Road was grieved by the death of one of its favorite canine residents on Sunday. The Lincolns' cocker, Freckles, was struck down when it ran out of a clump of willows onto St. Mary's Road in front of a car. The occupants brought the little dog in and then to the veterinarian's but it was too late.

Freckles is survived by six offspring who live at the Adolph Marksteins, Eric Tengsteds, C. E. Warrens, Charles Neumans, the Murkles and the Lincolns.

## Two Speakers at Lafayette Rotary

"Buyer-Seller Relations" was the subject elaborated on by Harold Weber at yesterday's Lafayette Rotary Club meeting, according to the publicity chairman.

J. Graham Sullivan, director of curriculum for Contra Costa Junior College, outlined the necessity for two campuses and spoke of the program plans for the new year, at last week's luncheon meeting at Planters Dock.

Drive very carefully — the life you save may be your own.

## $61,096 Value in Orinda Building

Six building permits, all for residential construction, were issued for the Orinda area for the week ending July 28.

Estimated construction costs for the six projects totaled $61,096.

The permits were as follows:

L. E. Wolfenden, residence and carport, Miner Orinda Rancho, Lot 9, Valley View Drive and Miner, $7,180.

C. I. Foster, residence and garage, Orinda Highlands, Lot 35, Las Piedras, east side of El Toyonal, 900 feet south of Vista del Orinda and opposite Lomas Contrades, $7,248.

T. S. Ferguson, residence and garage, Sleepy Hollow, Lot 188, corner Lombardy and Irving, $13,812.

Clarence L. Wood, residence addition, Lot 13, Las Piedras, $1,872.

Wayne Miller, residence and garage, Moraga Highlands, Lot 10, Highland Court off Overhill Road, $20,514.

C. W. Gravelle, residence, Sleepy Hollow, Lot 156, Irving Lane and Van Ripper, $10,470.

# Lafayette Fiesta Plans Expanded; To Open Sept. 15

Perfecting of plans for the Lafayette Fiesta engaged the attention of committee members who met last week at the home of Chairman Dave Calderon to discuss features of the mammoth affair.

Layout of booths and concessions was discussed, with emphasis placed on planning for the convenience of the many hundreds of persons who attend this community event each year.

**EXPAND RUN**

In view of the excellent program on the agenda for the Fiesta, the affair is to be expanded with the giant show to open on concession prices to be at that same figure.

Also included in the program are plans for social and folk dancing, a side show, a horse show, Sanitary District bids on L.I.D. 13, Orinda Estates area.

There was no session held last week.

Additional planning on the provision of food during the Fiesta was discussed, with Mrs. F. Garcia to be in charge of this department. Lighting of the Fiesta locale is to be done by Harry Kanzler, committee member.

**9-CENT ATTRACTIONS**

Three big attractions that will appeal especially to the children, the merry-go-round, airplane ride and trolley ride, will cost only nine cents each, with most of the other children's pet show and numerous other features.

**COMMUNITY CENTER**

Local organizations have been urged to join in making the Fiesta a success by taking over a booth or concession on a percentage basis. Proceeds from the affair are to be donated to the site fund of the Lafayette Community Club, with orizes to be given away, as added inducement to attend the affair.

"Buy a Share in Lafayette Youth Inde

## Sanitary District Board Holds Meeting

With the regular monthly meeting scheduled for last night as the SUN was going to press, directors of Central Contra Costa County Sanitary District were to receive bids on L.I.D. 13, Orinda Estates area.

There was no session held last week.

and Community Center" the guiding slogan.

A 1950 Plymouth is to be awarded during the Fiesta, a $200 merchandise order and a $100 merchandise order the second and third prizes to be given away, as added inducement to attend the affair.

# Orinda Filter Plant Capacity Up From 36 to 105 Million Gallons Since 1935

(Second of Two Articles)

The Orinda Filter Plant was constructed in 1935 by the East Bay Municipal Utility District, originally. It was built on a modest scale and had a capacity of 36,000,000 gallons per day, but as the East Bay area grew and developed during the war years, it was necessary to enlarge the plant in 1947 and to increase the capacity to 105,000,000 gallons per day under normal operating conditions.

This, together with the amount of water that can be filtered at the four other filter plants in the district, gives a total filter plant capacity of 196,000,000 gallons per day.

**LABORATORY CONTROL**

The various steps in the purification of the water are under laboratory control. The physical, chemical, bacteriological and biological characteristics of the water are under continued observance from the time the water arrives at the storage reservoirs until it is delivered to the consumer.

The district maintains two fully equipped laboratories. Chemical analyses and bacterial and biological examinations are made of samples of water collected regularly at strategic points. The laboratory records show that the standard of purity maintained in the district's water supply exceeds, by a big margin, the standard of purity promulgated by the United States Public Health Service and other governmental agencies for public water supplies.

**OVER 10,000 TESTS**

Over 10,000 bacterial examinations are made each year of samples of water collected from representative points throughout the system. The treated waters leaving the filtration plant are always sterile. All pipe lines installed in the system are thoroughly disinfected with chlorine, flushed, filled with clean water and a bacterial examination made of the water before they are placed in service.

The policy of the district is to enforce strict sanitary regulations on its watershed lands and to so operate its purification plants that the public water supply shall at all times be absolutely safe and attractive for human consumption, and suitable for all domestic and industrial uses.

**ENCOURAGE VISITS**

In order to acquaint residents of the utility district with the functions of their water system, the district encourages group visits to the Orinda Filter Plant. In the past, school groups, Boy Scouts and Girl Scouts, particularly, have taken advantage of these tours.

To assist in making the arrangements, however, it is requested that persons interested in inspecting the Orinda Filter Plant contact the main office of the district in Oakland several days in advance.

# Naval Reserve Hears Talk on Flight Program

Commander John A. Ferguson, United States Navy, addressed Naval Reserve Volunteer Composite Unit 12-25 Tuesday night at Acalanes High School on "The Navy Multi-Engine Flight Program."

The speaker has been a naval aviator for the past 15 years, and was the executive officer on the Aircraft Carrier Attu during the Okinawa campaigns. Commander Ferguson is presently executive officer of the Mars Squadron at the Naval Air Station at Alameda.

The August 15 meeting of the unit will consist of a field trip to the Alameda Air Station, where members will go aboard the Mars flying ship on an inspection tour.

## Annual Vines Are Quickest Growers; Busy Gardeners Can Raise Them Easily

By BERT WRIGHT

**FOR THE BUSY** home gardener who wants a "quick action" screen, fence covering or porch trellis covering, annual vines in wide varieties are the answer.

Nearly all of the rapidly growing climbers are easy to grow, their chief requirements being plenty of light and a medium rich soil. If it's vegetation you want, work in a small handful of complete plant food before planting. Follow this in mid-season with another light application, thoroughly soaked in. This extra supply of plant food will stimulate vegetative growth but it will be at the expense of blooms. If it's blooms you want, add no plant food unless the soil is extremely poor.

**VINES PLANTED** in June will give a good account of themselves throughout the entire summer and early fall. Plant them from 4 to 6 inches apart and from ½ to 1½ inches deep, depending on the size of the seed.

Among my favorites are the following:

**SCARLET RUNNER BEAN.** This grows in a manner similar to pole beans but it bears profusion of bright scarlet blooms, later forming large pods about ¾ of an inch wide and from 4 to 7 inches long. Allow the pods to ripen and save the bean crop for next year's seed.

**GOURDS.** Producing a quantity of large yellow flowers each morning, a planting of mixed varieties will also bear interesting and colorful "fruit." The gourds themselves may be saved for use as table decorations throughout the fall and winter. Many of them will keep until early spring.

**MORNING GLORY.** Has good-sized heart-shaped leaves and a succession of showy blossoms and a wide range of color. Before planting the seed it is best to nick the hard seedcoat with a file or knife and soak overnight. Otherwise germination may be very poor.

Though the vines have a large top growth, the root system is not extensive. The considerable expanse of leaf surface transpires lots of water each day. During periods of dry weather it is important to keep these annual vines well watered.

## Melons – How to Select and Serve

The Sunset Magazine Home Economics Panel suggests several methods to follow in selecting melons which are ripe and sweet. Weight is an important factor in selection, for it indicates the quantity of meat and sugar content; therefore melons should be heavy for ther size.

Watermelons, honeyballs and cantaloupe should be rather solid, while Persian, honeydew, Cranshaw and casaba melons have a softer surface which should yield to slight pressure. Once bruised, all melons deteriorate rapidly, so care should be taken in handling them .

Melons with too much stem attached are to be avoided for this indicates that the melon was not ripened on the vine; once a melon has been vine-ripened, the stem pulls out clean, leaving a round depression. Misshapen melons should also be avoided for they are apt to be underdeveloped and insipid in taste.

Melon balls, so popular in the west during the hot summer months, make excellent salads. Suggestions on preparing them:

Combine balls of several kinds of melons with fresh strawberries and serve them with French dressing made of lime juice; top cubes of cantaloupe with softened cream cheese; hollow out Persian or watermelon and cut meat into cubes to be served with a mixture of fresh fruit .

Cut cantaloupe into rings and center with diced avocado, orange, strawberries and sour cream.

**JOURNEYMEN NEEDED**

Urgent need for three maintenance electricians at $1.72 an hour; 12 carpenters at $1.72 an hour; one plumber at $1.84 an hour, and one combination welder at $1.69 an hour at the Oakland Naval Supply Center was announced by Rear Admiral Murrey L. Royar, SC, USN, commanding officer. Applicants for these vacancies should apply immediately at the Employment Office of the Oakland Naval Supply Center, 7th and Maritime Streets, Oakland.

## Walnut Tree Rot Can Be Prevented

A large number of valuable walnut trees in Contra Costa County are dying from crown rot, warns Milton R. Bell of the University of California Agricultural Extension Service. In most cases this loss could have been prevented.

Bell, farm advisor in charge of horticulture with the Contra Costa office of the service, at Cowell, says the disease is caused by a common soil fungus. Most cases occur where the trees are irrigated too close to the trunks, thus favoring development of the fungus. Some of the most severe cases occur in areas of poor drainage or high water table.

The farm advisor especially cautioned growers with former dry-farmed groves now receiving irrigation from the Contra Costa Canal. The university recommends keeping irrigation water from running closer than four feet from the tree crown.

By the time a grower can see sickly appearance of a crown-rotted tree it may be too late to save it. The same is true of walnut trees with lawns or flower beds planted next to the trunks. Anything that has to be watered often, like a lawn, should be kept at least four feet from the trunk.

If trouble is suspected the soil should be dug away from the base of the tree to expose the main roots for a distance of about 1½ or 2 feet all around the trunk to let air get to the crown. This should be left open all the time or at least until the roots heal.

## Advice Given on Control of Flies At Dairy Barns

Several measures are needed to control house and stable flies around dairy barns. Farm Advisor J. C. Borden of the University of California Agricultural Extension Service states that all of these should be used to secure best results.

A first step is hauling the manure from the barnyard at least twice a week. Doing this and disposing of accumulations of straw and vegetable refuse removes favorite breeding places for the flies.

Tight-fitting screens on windows and doors of the milk room help keep these pests on the outside.

Insecticides are needed outside the dairy barn, as well as inside. They should be applied on places where flies rest or roost. Sheds, corrals, pens, stables, poultry houses, and other such places on the farm need to be treated, since flies can move easily from these to the dairy barn. For such sprays, DDT is recommended where it continues to give good control. When it fails, lindane, chlordane, methoxychlor, or toxaphene is suggested. One application on such places usually gives from two to four weeks of control.

For inside the dairy barn, methoxychlor and lindane are the only insecticides now recommended by the U. S. Department of Agriculture for residual sprays.

**KEEP TO THE RIGHT**

The annoyance and danger of having a car pass you on the right without giving a warning can best be avoided by always driving as close as possible to the curb, except when overtaking another car, points out the National Automobile Club. If the return to the curb is made as soon as advisable after overtaking the other car there is no likelihood of anything getting a chance to sandwich in between your car and the curb.

**MIDSUMMER FROLIC**

The Armstrong College Alumni Association, a new organization, will have their Midsummer Frolic, an informal dance, at the Leamington Hotel on Saturday starting at 9 p.m.

**SAFE BETS**

## Those Warnings Mean – Caution!

Those labels and printed warnings on containers should be strictly followed, warns the University of California Agricultural Extension office at Cowell. Dr. A. E. Michelbacher, assistant professor of entomology of the University of California at Berkeley, urges California fruit and vegetable growers to practice extreme caution in handling insecticides.

Applications should be timely and made when precisely necessary. By all means indiscriminate use of poisonous materials should be avoided.

Growers should see to it that no poisonous residue remains on fruit or edible portions of vegetables. In addition, states Dr. Michelbacher, no dust or spray should enter adjacent fields to provide a danger for bees or livestock.

The proper equipment for application is also important. Appropriate gear for the operator assists in protecting him. Clothes should be removed immediately after contamination and the hands, exposed arms, and face thoroughly washed. Insecticides themselves should be stored in dry, cool places, where there is no danger of contaminating livestock feeds or human foodstuffs. All stored insecticides should be plainly labeled.

**REVENUES FROM FUEL**

Gross revenues derived from May distribution of fuel taxable under the Motor Vehicle Fuel License Tax Law amounted to $13,228,554 according to James H. Quinn, Second District member of the State Board of Equalization. Refunds by Controller Thomas H. Kuchel during the month to purchasers of fuel for non-highway use were $1,459,436, or 11 per cent of the gross tax liability accruing during the month, leaving net revenues of $11,769,118.

## Try Skewered Steak for Your Barbecue

Western cooks, who will spend many days outdoors this month, will find this recipe for Skewered Steak with Mushrooms a tasty addition to their special barbecue menu. The well-marinated squares of beef and fresh mushrooms, threaded on skewers and broiled, make good outdoor eating.

½ cup Burgundy or claret wine
1 teaspoon Worcestershire sauce
1 clove garlic
½ cup salad oil
2 tablespoons catsup
1 teaspoon sugar
½ teaspoon salt
½ teaspoon monosodium glutamate
1 tablespoon vinegar
½ teaspoon marjoram and rosemary
1 pound sirloin steak
12 large, fresh mushrooms

Mix wine with Worcestershire sauce, peeled garlic clove, salad oil, catsup and seasonings. Cut meat into 2-inch squares. Wash mushrooms thoroughly. Marinate mushrooms and steak squares in wine mixture for 2 hours. Alternate meat squares and mushrooms on skewers. Broil. Tomato wedges and green pepper squares also may be threaded on the skewers if desired. Serves 4.

## Tags on 3,000 Fish – Find 'Em?

Sport and commercial fishermen have been asked by the Division of Fish and Game to keep a lookout for some of the fin-tagged flounders, sole, cabezone, and ling cod to be found in ocean and bay waters along the northern California coast.

From the research vessel "N. B. Scofield," marine biologists in July placed plastic tags on the fins of 734 bottom fish. A total of more than 3,000 such fish have been tagged this year in the Pacific Ocean between Eureka and Monterey Bay.

By means of a specially-designed beam trawl net dragged along the ocean floor, the fish are brought aboard the Scofield, tagged, and released.

Fishermen returning the tags, and revealing the place and time of catch, will be given a wallet-sized commendation card by the state agency.

**BUILDS TIRE TEMPERATURE**

Excessive speed when negotiating sharp curves makes the tires "work" rapidly, thus building up temperature, points out the National Automobile Club. The factor of safety is thereby reduced and blow-out hazards increased.

Drive very carefully — the life you save may be your own.

## Deer Hunting Opens Monday – Get Your Rifles Ready, Watch for Fire Hazards

Some 310,000 California deer hunters have been advised to sight in their rifles in preparation for the opening of the state's early hunting season at one-half hour before sunrise, Monday.

The counsel came from the Division of Fish and Game, which tacked on a warning about extreme fire hazards and the danger of careless shooting.

**BAG LIMIT**

With a bag limit of two bucks, the 40-day early season is open in all of the following counties: Mendocino, Glenn, Lake, Colusa, Sonoma, Napa, Yolo, Marin, Solano, San Francisco, Contra Costa, Alameda, San Mateo, Santa Cruz, Santa Clara, Monterey, San Benito, San Luis Obispo, Santa Barbara, Ventura, Los Angeles and Orange.

The following portions of counties are also open until one-half hour after sunset, September 15; San Joaquin, Stanislaus and Merced west of the San Joaquin River; Kings and Kern counties west of Highway 33 and Riverside County west of Highways 60 and 79.

**REST OF STATE**

A 30-day hunting season begins September 16 in the balance of the state.

Besides a 1950 hunting license, hunters must be equipped with deer tags which are to be filled out and returned to the state agency when a buck is taken.

Division Executive Officer E. L. Macauley echoed the warning of state and federal foresters that California's woods and brush land are dangerously dry at this time of the year. He cautioned deer hunters to maintain their past record of low fire incidence by continued carefulness.

## Prospects for Deer Hunt Vary Widely

When California's early deer hunting season opens Monday in some parts of the state, hunters will find their prospects of bagging a two-buck limit ranging from poor to very good.

Wardens of the Division of Fish and Game have submitted early predictions of deer hunting conditions which add up to a slightly better than average outlook. Indications are that California's record take of 52,000 deer in 1949 will be topped this year.

**TWO BUCKS**

Between August 7 and September 15, two bucks may be taken in designated central and south coastal areas. Deer hunting becomes legal in the balance of the state for a 30-day period beginning September 16. Hunting is prohibited in state and national parks.

Here's the warden's viewpoint by counties:

ALAMEDA — Fair to good. High fire hazard. Open fire prohibited.

GLENN — Fair. Bucks in good condition. Written permission required to hunt on most private land. Best hunting areas: Black Butte Mountain, Gridstone Canyon, Sheetiron Mountain.

**GOOD CONDITION**

FRESNO — Fair. Bucks in good condition.

KERN — Fair to good. Best hunting areas: Mount Abel, Frazier and Lebec district.

LOS ANGELES — Fair. Deer in higher elevations. Extreme fire hazard.

MARIPOSA — Fair. Best hunting near Yosemite Park.

MARIN — Good. Permission required to hunt on private land.

**COVELLO AREA**

MENDOCINO — Fair. Deer in good condition. Best hunting in Covello area.

MERCED — Fair. Much private property posted against trespass.

NAPA — Good. Deer and range in good condition. Most property posted.

SAN BENITO— Very good. Deer in excellent condition.

**FIRE HAZARDS**

SAN BERNARDINO — Poor. Bucks seen in higher elevations which are closed because of fire hazards. Entire county extremely dry.

SAN LUIS OBISPO — Fair to good. Additional hunting area of Los Padres National Forest opened for first time to permittees. Queen Bee Area — Good.

SANTA CLARA — Very good. Many bucks in foothills. Nearly all ranches posted against trespass.

SANTA CRUZ — Fair. Much land posted or closed by county ordinance.

SOLANO — Fair. Little land opened to public hunting. Water scarce.

SONOMA — Fair. Deer in good condition. Little land open to public hunting. High fire hazard.

STANISLAUS — Fair. Best hunting near Yosemite Park.

TULARE — Good. Best hunting areas: Mineral King, Rifle Creek, Mt. Whitney Meadows.

## Here's Latest Hunting - Fishing Calendar, Rules

The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing.

DEER — August 7 to September 15 in central and south coastal areas. Bag limit: two bucks. September 16 to October 15 in Sierra, north coastal, and Modoc-Lassen areas. Bag limit: two bucks in north coastal area; one buck elsewhere; no forked horns in northeastern California section.

TROUT — Ends October 31. Bag limit: 15 trout, salmon or Rocky Mountain whitefish, but not more than 10 pounds and one fish. Local exceptions.

**NO SIZE LIMITS**

BLACK BASS, SUNFISH, SACRAMENTO PERCH, CRAPPIE — Ends February 28 in northern California. No closed season elsewhere. Bag limits: 5 black bass, 25 sunfish, crappie, perch. Local exceptions. No size limits.

STRIPED BASS — No closed season. Bag limit: 5 fish or 25 pounds and one fish, or 2 fish regardless of weight. Minimum size limit: 12 inches.

CATFISH — No closed season. Bag and possession limits: 15 pounds and one fish in the round, or 8 pounds and one fish dressed. Minimum size: 9 inches in Clear Lake; 10 inches in District 22; none elsewhere. Night fishing permitted in District 22, Siskiyou, Shasta, Modoc and Lake counties.

**RULES FOR SHAD**

SHAD — No closed season. Bag limit: 5 fish between June 10 and March 14. No limit at other times. Angling hours: from one hour before sunrise to one hour after sunset, or by hand dipnet at any time.

OCEAN FISH — No closed season on the following species (bag limit included): 15 rockfish; 2 marlin; 2 black sea bass; 3 salmon; 2 broadbill swordfish; 10 tuna, croker, skipjack, albacore, barracuda, yellowtail, white sea bass, bonito, rock bass, kelp bass, corbina, halibut, ling cod and cabezone. No limit other species.

ABALONES — Ends January 14. Bag and possession limit: 5 per day. Minimum size limits: red abalone, 7 inches; green, 6 and ¼; pink, 6; black 5.

**WANT CLAMS?**

CLAMS — Closed until September 1 in Humboldt and Monterey Bay areas. No closed season elsewhere. Bag limits: 30 razor; 10 big neck; 10 Pismo; 10 Washington. No limit on jack knife clams.

COCKLES — Closed until September 1 in counties north of San Luis Obispo County. No closed season elsewhere. Bag limit: 50. Minimum size limit: one and one-half inches in diameter.

FROGS — Ends November 30. Bag limit: 24 per day, 48 per week. Size limit: none under four inches from tip of nose to crotch. No license required.

## Backyard Bonanza for Trout Fishing – Anglers Get Full Hauls in Lake Merced

Trout catches in a rejuvenated water supply reservoir — located five miles from San Francisco's city hall — have California anglers and fisheries workers alike rubbing their eyes in disbelief.

From 400-acre Lake Merced, Bay area sportsmen have been hauling their two-a-day limit of trout with surprising regularity, reports the Division of Fish and Game. All the rainbows are a foot or more in length and weigh at least a pound.

**1,064 IN 5 DAYS**

Through continuous creel checks, state biologists learned that 1,064 fish were landed in a recent five-day period No more than two trout were taken home by each angler.

Surprising to most happy fishermen is the bountiful trout supply in the lake — previously almost a total loss as a bass fishing ground. What surprises the division fish biologists is the amazing growth of the fish they planted last winter.

**STOCKED IN JANUARY**

Large numbers of minnows, carp and other rough fish were taken from the lake last year after chemical treatment by the state agency. In January, the waters were stocked with a total of 70,000 rainbow trout averaging six and-a-half inches in length

San Francisco's backyard bonanza began July 1, when the standby reservoir was opened to public fishing. In cooperation with the city government, the division is emphasizing the recreational, rather than the meat-on-the-table aspects of Lake Merced fishing.

**MEAL FOR FIVE**

The Bureau of Fish Conservation states that the low daily bag limit was set because of the obvious impossibility of maintaining trout fishing for the horde of metropolitan area anglers. Two of the fat Merced rainbows should make a meal for five hungry people, the bureau says.

The phenomenal growth of the fish from three ounces to a pound or more in a six-month period is attributed to the lake's abundance of fresh water shrimp.

## Peaches Wanted - Quick - for Fair

Wanted — in a hurry — are seven varieties of cling peaches and four varieties of freestone peaches for the Contra Costa County exhibit at the State Fair. Telephone Contra Costa County Development Association, Martinez.

This appeal went out from Elwood O. Mitchell, chairman of the development association's State Fair committee, to further committee hopes of sweepstakes prizes at the fair, which opens August 31.

If you love children — yours and your neighbors, slow down when you drive home today.

## Start Preparing Christmas Seals

The two women who went to the Tuberculosis Association headquarters in Martinez were joined last week by two members of the younger set. The foursome had a busy but pleasant day helping get the files ready for the annual sale of Christmas Seals.

They brought home several thousand sheets of seals to fold for mailing.

Those who went were Mrs. James McCloud, Mrs. Theodore Lassagne, Maureen Rucker and Arthur Lassagne.

Anyone interested in giving a day to this work may contact Mrs. Elwin Maxey, 47 Dewing Avenue, Lafayette.

| Tank or Water Trucks | | |
| 400 gal. or less | 13.12 | 1.64 |
| 400 gal. or over | 14.08 | 1.76 |

Overtime and Saturday work shall be paid for at double the normal hourly rate except as noted below for Cement Finishers and Truck Drivers and work on Sundays and Holidays shall be paid for at double the normal hourly rate.

The foregoing schedule of prevailing rates of wages, and rates for overtime, Sunday and Legal Holdiays, is based, unless otherwise specified, upon a working day of eight (8) hours.

Overtime and Saturday rates for Truck Drivers shall be at one and one-half (1½) times the normal hourly rate.

The first two hours overtime, after a normal eight (8) hour day, for Cement Finishers shall be at one and one-half (1½) times the normal rate and further overtime shall be at double the normal rate. Saturday work for Cement Finishers shall be at one and one-half (1½) times the normal rate for the first eight (8) hours worked and at double the normal rate for all further time worked on Saturdays.

NOTICE IS ALSO HEREBY GIVEN BIDDERS that it shall be mandatory upon the contractor to whom the contract is awarded, and upon all subcontractors under him, to pay not less than said general prevailing rates of per diem wages, as above listed, to all laborers, workmen and mechanics employed in the execution of the contract.

Anything to the contrary in the above wage scale notwithstanding, the Contractor and all subcontractors under him shall pay all their laborers, workmen, mechanics and employees on said work a salary or wage at least equal to the prevailing salary or wage for the same quality of service rendered to private persons, firms or corporations under similar employment, within the Central Contra Costa Sanitary District.

The per diem wage rate is the hourly rate hereinabove mentioned established multiplied by the number of hours hereinabove mentioned as constituting the working day for the particular craft or type of workman.

Before submitting proposals the bidder shall be licensed in accordance with the provisions of Chapter 9 Division III of the Business and Professions Code, Chapter 37 of the Statutes of 1939, as amended, of the State of California, which provides for the registration and licensing of contractors.

Each bidder must submit with his proposal, a statement of his financial responsibility, technical ability and experience on the form to be furnished prospective bidders.

Each bidder shall submit with his bid on the form provided, the name and address of each subcontractor including the principal suppliers of materials, and the portion of the work which each subcontractor will do. If the contractor fails to name the subcontractors in his proposal, he shall be deemed to have agreed to perform such portion of the work himself and shall not be permitted to subcontract said portion of work without previous written permission of the District Board.

The Contractor shall, in the performance of the work and improvements, conform to the Labor Code of the State of California and other laws of the State of California applicable thereto, with the exception only of such variation as may be required under the special statutes pursuant to which proceedings hereunder are taken and which have not been superseded by the provisions of the Labor Code. Preference to labor shall be given only in the manner provided and required by law. Veterans and resident local labor shall be given preference by the Contractor wherever possible, if skill and working ability permit without increasing the ultimate cost of the work and improvement to the Local Improvement District, the Central Contra Costa Sanitary District and its officers.

All proposals or bids shall be accompanied by a check payable to said Central Contra Costa Sanitary District and certified by a responsible bank for an amount which shall not be less than ten (10%) per cent of the aggregate of the proposal, or by a bond for said amount and so payable, signed by the bidder and two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount and over and above all statutory exemptions. The proposals shall be made out on the form to be furnished prospective bidders, a copy of which is incorporated with the specifications.

Said proposals or bids shall be delivered to the Clerk of the District Board of the Central Contra Costa Sanitary District on or before August 10th, 1950, at the hour of 8:00 p.m. of said date, at the office of said Central Contra Costa Sanitary District at 1822 Mt. Diablo Blvd., Walnut Creek, Contra Costa County, State of California, said time being not less than ten (10) days from the time of the first publication or posting of this Notice. Bids will be opened on said day and hour. The District Board reserves the right to reject any and all proposals or bids, should it deem this necessary for the public good, and also the bid of the bidder who has been delinquent or unfaithful in any former contract with the Central Contra Costa Sanitary District.

All bids shall be submitted on the understanding that all work thereunder shall be done pursuant to the Improvement Act of 1911 and that all of the applicable requirements thereof shall be made a part hereof, of the Local Improvement District proeedings, the bonds and the ontract.

DATED: this 20th day of July, 1950.

H. M. SMITTEN
Secretary
Central Contra Costa
Sanitary District, County
of Contra Costa, State of
California.

## Speaker From Pakistan Heard By Rotary Club

Zulfi Bhutto, native of the Dominion of Pakistan and at present a resident of University of California's International House while studying law on the campus, presented an interesting talk on what the Korean conflict would mean to his part of the world, at the noon Orinda Rotary Club meeting held last week.

Bhutto has been studying in this country for three years and anticipates three more years of study at Oxford University in England. Showing himself a keen student of international affairs, he described some of the possibilities involving Pakistan in its strategic position as gateway to India, pointing out the importance of Khyber Pass. He predicted that Asia rather than Europe would keynote world happenings for the next 25 years and elaborated on the cycle of events from which he had drawn this conclusion.

## 12-15 Club Maps Plans for Fall

The 12-15 Club met last week for a party and business meeting at the home of Mrs. Charles Malone on Loma Vista. Plans for the fall were discussed. It was decided to finish the commitments made to Booth Memorial Hospital for layettes but in the future to confine philanthropies to local needs, such as the Juvenile Hall at Martinez and the Child Therapy Center in Lafayette.

At the end of the month or around the first of September the club will have an invitational card party for the raising of funds at the home of Mrs. George Hickok. Making arrangements for this is a committee composed of Mesdames Warren Harrold, George Chapel, K. B. Anderson, Ben Seim, George Hickok, E. H. Fisher and A. Pasteris.

Do you realize how much it costs when you go through the Tunnel to shop?

## Full Program at Therapy Center

A trip to the Mt. Diablo Child Therapy Center in Lafayette would be well worth the time of all who are not familiar with the wonderful work being done there.

Miss Elizabeth Green, the new administrative secretary, is most cordial and cooperative. President Marvin Bonds felt that Miss Green was very well qualified for this position, as she was formerly the student employment interviewer at the Bureau of Occupations at the University of California. She is assisted in the office by volunteer workers.

**EXERCISE ROOM**

In the exercise and therapy room, Miss Mary Doyle officiates with the help of Mrs. Barbara Knapp and volunteer workers. Here, patients in various stages of recovery from infantile paralysis and other crippling diseases are taught to help themselves and each other.

In addition to the exercises, they learn crafts which help develop muscles and create interest. Their good humor and spirit of camaraderie show how much is being done for their morale as well as for their bodies.

**DONATIONS**

The students of Acalanes High School have donated the Whirlpool, which is a very important piece of apparatus. The Lioness Club of Concord has recently donated a shoulder wheel and exercise bicycle.

Auxiliaries to work for the center are now being organized by David Holstrom and his auxiliary committee.

Volunteer workers are still needed to help at the center and to transport patients.

## Accept Curnley As Lion Member

George Curnley, owner and manager of Orinda Roost, was accepted for membership in Orinda Lions Club at the regular session held last week, according to William Worden, publicity chairman. Don Hunter, president, announced that induction of the new member would take place at a later date. Curnley was introduced to the service club by Lion Wadsworth.

The Lions were reportedly "in good voice," with anniversary greetings tendered to Henry Carr, who celebrated his second year in Lions and to "Waddy" Wadsworth, who can boast of 26 years with the service organization.

Birthday greetings were extended to Lions Nathan Gray and Charles Malone, and to Eve Nelson, who assists her husband, owner of the Willows, in the role of hostess.

Jerry McKinley was program chairman, providing an interesting color film by Westinghouse with the U. S. Navy Banshee jet featured.

# Here and There in Orinda

### Orinda Lodge Meets Next Monday Night

Orinda Lodge U.D. F&AM will hold a stated meeting next Monday, 8 p.m., at Orinda Community Church school building. Refreshments will be served.

## Mrs. Harrison Now Recovering

Mrs. John Harrison is slowly recovering from a fractured wrist which she sustained last month only a few days after getting settled at their came in the Trinity Alps. They broke camp immediately and Mr. Harrison drove his wife to a hospital at Redding, a 75 miles drive away, where the wrist was set.

Soon after arrival home Mrs. Harrison had to be taken to Alta Bates Hospital and the wrist reset. Now, after a month, she has the cast off and physiotherapy treatments are making it feel more comfortable.

## Sousas Entertain Friends From East

Mr. and Mrs. Anthony Sousa of 572 Moraga Highway are entertaining Mr. and Mrs. Edmund Perry of New Bedford, Mass. The Sousas have been taking them to various points of interest around the Bay Area and the northern part of the state.

The Sousas will be hosts to a dozen friends tomorrow afternoon.

### Dr. Baker, Family At Ranch in Sierras

Dr. Charles Baker and family are enjoying this week at the ranch home of their friend Dr. Mills in the Sierras above Mariposa.

### Olsen Goes Fishing

Frank Olsen enjoyed a few days' fishing last week.

## Services Held for Mrs. Elsie Wallace

Funeral services for Elsie E. Wallace (nee Myers) were held at 9 o'clock this morning at the Ellis-Olson Mortuary, Albany. She died in Oakland on Monday.

Besides her widower, John W. Wallace, she is survived by two sons, Gilbert W. Myers of Lafayette and Roy E. Myers of Oakland, and two daughters, Dorothy H. Sutton of Richmond and Viola Y. Cooper of El Cerrito.

Her mother, Molly Baughman of Harrison, Arkansas, also survives, as do her sisters and brothers, Effie Johnson of Seattle, Washington; Eva Bernard of Los Angeles; Esta Ellirott of Watervliet, New York; Elbert Baughman of Harrison, Arkansas; George Baughman of Los Angeles, and Earl Baughman of Harrison, Arkansas. She was a native of Harrison, Arkansas.

Committal services will be held at Sunset View Cemetery.

## Newlyweds Will Motor to Orinda

Flying East recently to visit the groom's parents in Ohio, newlyweds Mr. and Mrs. Neal Phillips Campbell (Pearl Leola Walker) are planning to buy a car and motor back to their new home in Orinda, arriving in mid-August.

The couple's marriage was an event of July 1, with the wedding ceremony at the First Presbyterian Church at San Leandro followed by a reception at the home of the bride's parents, Mr. and Mrs. H. H. Walker.

## Rev. G. Matthew Preaches Again At Orinda Church

Rev. Godfrey Matthew will conduct the 10 o'clock services of the Orinda Community Church for the third consecutive time during the vacation of the regular minister, Rev. Fred Morrow. During the first half hour when the children meet with the adults, then to go to their classes, Rev. Matthew will tell them another story.

His first story was about the mocking bird that came into his church right close to his pulpit when he was preaching. Last Sunday he told about the collie dogs that attended his church service one time in Scotland.

His text for the adults will be "Cautious Religion."

## B. Gilbert Back For Lions Meet

Barney Gilbert of the Walnut Creek Lions Club recently returned from the Lions International Convention in Chicago.

The principal sessions of the convention were held in the Chicago Stadium. Approximately 30,000 from all over the world came to Chicago for the convention, Gilbert reported.

Gilbert is associated with Forbrag Real Estate in Walnut Creek.

## Ginty Burglars In San Quentin

Robert Lee Engelbricht and James M. Muscatell started to serve 1-to-15-year terms in San Quentin this week for their burglary of the Ginty Supply Company on Mt. Diablo Boulevard, opposite Sun Valley.

Each was sentenced to 1-to-15 years by Superior Judge Harold Jacoby in Martinez Monday, after they had pleaded guilty to the June burglary. The two, both 20 years old and employees at Oak Knoll Hospital, broke into a side window of the supply firm and took a small safe from the office. The safe contained $120 in cash and about $500 worth of checks.

If you love children — yours and your neighbors, slow down when you drive home today.

### Mrs. Sutliss Visits Dr., Mrs. M. Groves

Mrs. Mildred Sutliss from Chula Vista is visiting Dr. and Mrs. Murray Groves this week.

## Johnsons Enjoy 3-Week Camping

Mr. and Mrs. William Johnson, Carol and Judy have just returned from a three weeks' vacation spent in camping in Yosemite Valley and Tuolumne Meadows. They all enjoyed hiking to the various falls and seeing the profusion of wildflowers, especially at the 8000 foot level. The girls had fun bicycling on the floor of the valley.

They enjoyed the warm days and the nippy evenings when a bonfire felt so good. They drove past Mono Lake and to the clean little old town of Bridgeport with its interesting little old courthouse built about 1880. The drive down very steep Sonora Pass Road was breathtaking.

The Johnsons will be moving soon from Orinda to their new home in Linda Vista Tract in Walnue Creek. The children are looking forward to the community swimming pool only two blocks away, which will compensate them for leaving so many little friends behind in Orinda.

Their home has been bought by Mr. and Mrs. Bryant. Bryant will soon be retiring from the Navy.

**PLUG POINT POINTER**

Lots of pointers have been given on spark plug points, declares the National Automobile Club. One that seems to have been missed is that eventually, if not immediately after the ten thousand miles accepted as standard, the points will burn and make the gap wider than that prescribed for best performance. The car keeps on running, it's true, but not as well as if the points were right.

## Nancy Morgan, Ervin Raphael Wed Tomorrow

Tomorrow, Nancy Morgan will walk down the aisle of St. Paul's Episcopal Church in Berkeley to become the bride of Ervin Roy Raphael, Jr., of Orinda.

A bevy of bridesmaids will precede the bride: Miss Natalie Suhr as honor maid, Mrs. Thomas Robinson, Mrs. Harold Jewett, Jr., Mrs. Warren Haun, Mrs. Thomas L. Morgan, Jr., Miss Jean Herbert and Miss Genevieve McDuffie.

Thomas Robertson of Seattle will attend the benedict-elect as best man, Nate Bower, Bill Betts, Thomas Morgan, Jr., Bill Mitchell, Warren Haun and Don Bentley ushering the guests to their seats.

Nancy took time out from the round of showers in her honor to be a bridesmaid at the mid-July wedding of Marijane Gallagher and William Michael Betts, her husband-to-be serving as an usher. The wedding was held at Corpus Christie Church.

One of the final parties on the bride-elect's calendar before her wedding was the spinster dinner given in her honor Wednesday at the Sumner M. Suhr home in Piedmont, with Sally Suhr in the hostess role.

### Phi Mu Alumnae Meet at Krotz Home on Saturday

Now officially organized with acceptance of the constitution at the June meeting, the Contra Costa Phi Mu Alumnae Group will hold its annual potluck luncheon at the home of Mrs. Donald Krotz, 44 Monte Vista Road, Saturday, at 1 p.m.

Saturday's gathering will be held in conjunction with the East Bay Alumnae.

## Horse Show at Hayward Sunday

The Second Annual Horse Show and Gymkhana, sponsored by Metropolitan Horsemen's Association Juniors, will be held Sunday at the Harry Rowell Ranch, Hayward.

There will be classes for both adults and juniors in the eight horse show events, three gymkhana events and two rodeo events, with ribbons and trophies being awarded to the winners.

**OPEN CLASSES**

Open classes in the horse show events are jumpers, English pleasure horses, trail horses, palomino and pinto pleasure horses, matched pairs (English and western).

The stock horse class is for adults only, while English horsemanship is for (a) 12 to 17 years, and (b) 12 years and under; and Western horsemanship is for 17 years and under.

**GYMKHANA EVENTS**

Gymkhana events, under C.S.H.A. rules, are open and include pole bending, quadrangle stake race and relay races—the last for five-man teams.

The rodeo events, calf roping and bareback bronc riding, are for juniors only. Calf roping, from 12 to 18 years, is limited to first 12 entries; bronc riding, for 14 to 18 years, is limited to first 10 entries.

**JUDGES**

Judges will be Kent Weaver, Concord, western classes; William Atkinson, Alamo, jumpers and English. Rodeo timers and judges will be Bill Patten and Johnny Curry, Oakland.

The show starts at 12:30. The horse show manager is Bill Bernard; ringmaster is Bernie Cummings; ringe secretary, Carol Cosgriff; announcers, Ronnie Duniway and Phoebe Brown.
